

# TOURNAMENT TRACKER INDIA

*SPORTS NEWS & TOURNAMENT UPDATE PORTAL*

Presenting by -  
**Sonakshi Agrawal & Arshi Shahid**

# *WHAT OUR WEBSITE DOES*

- Shows tournament updates happening across India
- Displays match results, schedules & short highlights
- Categorizes news by different sports
- Provides a simple, fast, minimal user interface

# WHAT PROBLEM WE SOLVED

- Hard to find verified info about small & medium-level tournaments
- No common platform combining multiple sports
- Fans rely on scattered sources
- Our website brings everything in one place

# OUR MAIN IDEA

Build a **lightweight sports news portal**  
that shows:

- Ongoing tournaments
- Latest match reports
- Quick sports snapshots
- Photo highlights

# PAGES WE CREATED

- **Home Page** — overview & top stories
- **News Page** — tournament-wise updates
- **Gallery Page** — match photos
- **About Page** — project vision
- **Contact Page** — form & details

# WHY TAILWIND CSS

- Faster styling
- Responsive layout in minutes
- Clean classes
- No heavy CSS files
- Perfect for student web projects

# JAVASCRIPT USED FOR

- Interactive cards
- Small animations
- Filtering news
- Dynamic text changes
- Validating contact form

# OUTPUT SCREENSHOTS

About Tournament Tracker India

Connecting sports fans with every tournament across the nation.

Our Mission

Tournament Tracker India is a student-developed web platform dedicated to bringing all sports tournament updates from across India into one accessible space. Whether it's cricket, football, kabaddi, or badminton – our goal is to provide accurate schedules, results, and highlights for fans and players alike.

Why We Created This Website

Many local and national tournaments go unnoticed because information is scattered across different sources. Our website solves this problem by offering a centralized hub where users can explore tournaments, view galleries, and read the latest sports news – all in one place.

Technologies Used

- HTML5 for structure and content
- CSS + Tailwind CSS for modern, responsive design
- JavaScript for interactivity and filtering features

Meet Our Team

Arshi Shahid

Frontend Developer & Project Lead & UI/UX Designer

Sonakshi Agrawal

Content & Data Manager & Documentation

Future Scope

- Integration of live score APIs
- Event registration system for teams
- Push notifications for upcoming matches
- Multi-lingual support for wider audience

# HOW WE BUILT IT (PROCESS)

- Collected requirements
- Designed layouts & page flow
- Developed all pages
- Tested on mobile & laptop
- Prepared final deployment

# ACHIEVEMENTS

- Fully responsive website
- Clean UI with Tailwind
- Clear categories for each sport
- Smooth navigation
- Tested & optimized for jury demo

## *FUTURE SCOPE*

- Live score integration
- User login system
- Mobile app version
- Tournament registration system

# *Q&A*

We will now open the floor for questions.
